

MEAL Hub

We recommend daily meals.

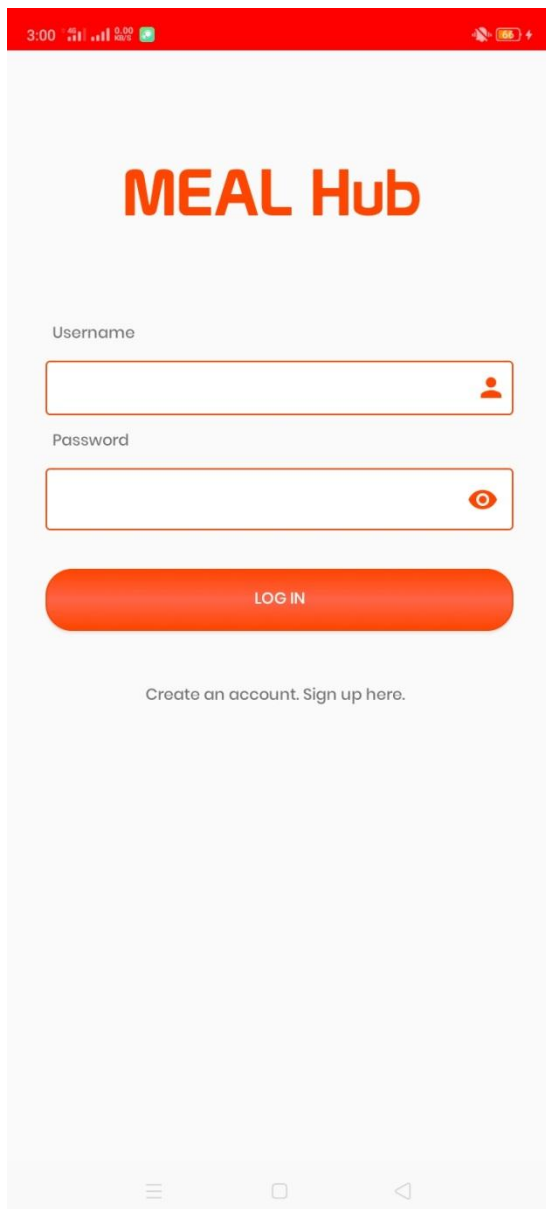

Splash Screen

When MealHub mobile application is downloaded and launched, Splash Screen with logo is displayed and will be redirected to Log In page after three seconds.

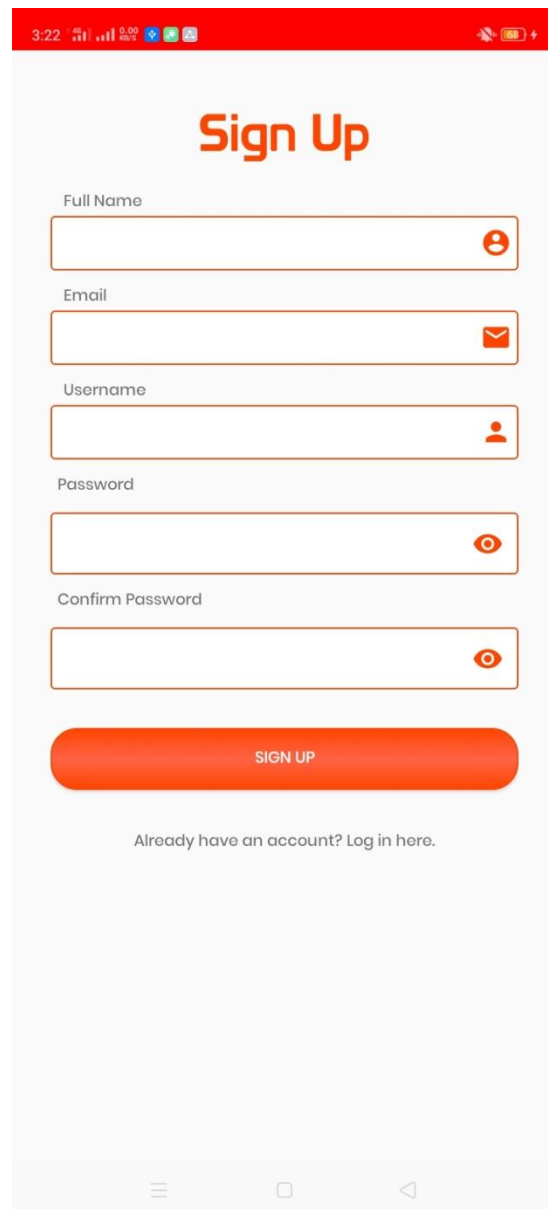

Registration

From the Log In page, user can register by clicking “*Create an account. Sign up here.*” located below the Log In button. And will be redirected to Registration Page.

The image shows a mobile app interface for the 'MEAL Hub' login page. At the top, there is a red status bar with the time '3:00' and various icons. Below the status bar, the app title 'MEAL Hub' is displayed in a large, bold, orange font. Underneath the title, there are two input fields: 'Username' and 'Password'. The 'Username' field has a small orange person icon on the right, and the 'Password' field has a small orange eye icon on the right. Below these fields is a large, rounded orange button with the text 'LOG IN' in white. At the bottom of the page, there is a link that says 'Create an account. Sign up here.' in a small, gray font. The bottom of the screen shows a white navigation bar with three icons: a hamburger menu, a square, and a triangle.

The image shows a mobile app interface for the 'Sign Up' page. At the top, there is a red status bar with the time '3:22' and various icons. Below the status bar, the title 'Sign Up' is displayed in a large, bold, orange font. Underneath the title, there are four input fields: 'Full Name', 'Email', 'Username', and 'Password'. The 'Full Name' field has a small orange person icon on the right, the 'Email' field has a small orange envelope icon on the right, the 'Username' field has a small orange person icon on the right, and the 'Password' field has a small orange eye icon on the right. Below these fields is a large, rounded orange button with the text 'SIGN UP' in white. At the bottom of the page, there is a link that says 'Already have an account? Log in here.' in a small, gray font. The bottom of the screen shows a white navigation bar with three icons: a hamburger menu, a square, and a triangle.

Registration

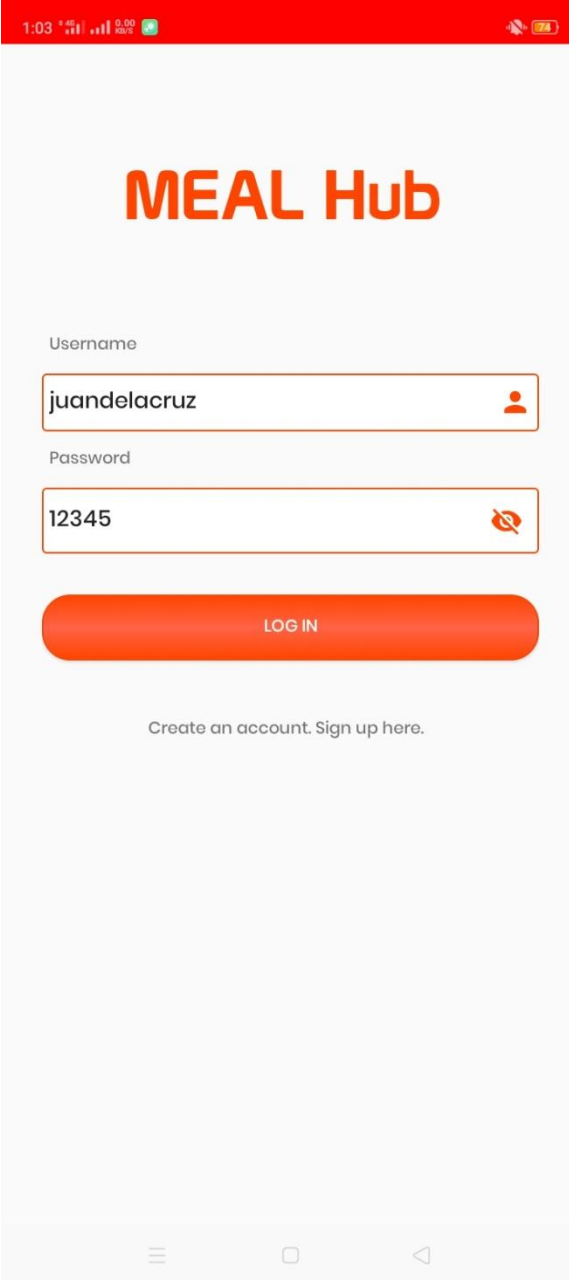

User must input all information required in the text fields on the Registration Page. If one of the text fields is empty and users click the **Sign up** button, a toast notification will be displayed.

The image displays six sequential screenshots of a mobile application's registration page, illustrating the validation process for each required field. Each screen features a red header with the title "Sign Up" and a form with five input fields: Full Name, Email, Username, Password, and Confirm Password. A red "SIGN UP" button is positioned below the fields, and a link "Already have an account? Log in here." is at the bottom. Toast notifications appear at the bottom of each screen when a field is empty.

- Screenshot 1:** The "Full Name" field is empty. The toast message is "Please enter Full Name".
- Screenshot 2:** The "Full Name" field is filled with "Juan Dela Cruz". The "Email" field is empty. The toast message is "Please enter your email".
- Screenshot 3:** The "Full Name" and "Email" fields are filled. The "Email" field contains "juandelacruz@gmail.com". The "Username" field is empty. The toast message is "Please provide username".
- Screenshot 4:** The "Full Name", "Email", and "Username" fields are filled. The "Username" field contains "juandelacruz". The "Password" field is empty. The toast message is "Please provide password".
- Screenshot 5:** The "Full Name", "Email", "Username", and "Password" fields are filled. The "Password" field contains "12345". The "Confirm Password" field is empty. The toast message is "Please confirm your password".
- Screenshot 6:** The "Full Name", "Email", "Username", "Password", and "Confirm Password" fields are filled. The "Password" field contains "12345" and the "Confirm Password" field contains "123456". The toast message is "Password do not match!".
